

A photograph of two hands reaching upwards against a bright, glowing sun in a golden sunset sky. The hands are positioned as if they are trying to touch or hold the sun. The background is a warm, orange-yellow gradient.

Your dream home.
Not at the cost
of other dreams.

ROHAN
IPSITA

Buying a home shouldn't keep you from fulfilling your other dreams.

Buying a home marks the start of something new. For some, it could be a new relationship, for some it could be a new family. Whatever your start be, we know that a new home paves the path for new hopes and dreams.

We also know, that new hopes and dreams come with a price - of compromise.

Which is why we've designed Rohan Ipsita with the singular philosophy that one dream should never be at the expense of another.

With this in mind, we present a unique fusion of urban aesthetics and space, replete with all amenities and facilities at a price that doesn't strain your pocket. Life is meant to be lived fully, and at Rohan Ipsita we're devoted to one that is lived with no compromises.

Make your new start, complete, with Rohan Ipsita.

Joy of holistic living.

A new start, should always be grand.

No wonder then, that when you enter Rohan Ipsita,
you're greeted with a lush, vibrant green courtyard
surrounded by a pristine water body.

Such amalgamations of nature and urban ambience
are seen everywhere, designed to give you a sense
of calm in a chaotic urban landscape. And when you
finally head home, be greeted by a product of
innovative design that has been created keeping in
mind your foremost need- peace and a sense of home.

Architect's note

That Rohan Ipsita is unlike any other project is evident from the start. It breaks away from conventional design language and explores the possibilities of space to provide the urban homemaker with a rare opportunity - to get the most out of their space and do up their living space as they desire.

By combining elemental and spatial composition we've achieved a space that allows for ample ventilation and natural light without compromising on privacy, amenities or your other needs. This no-compromise philosophy is seen all around the planning and execution of Rohan Ipsita, an example of this is an area around club house which becomes the major activity zone with most of the units overlooking into this space.

The apartments benefit from the experience of outdoor living and integration of the surrounding nature within the complex. At Rohan Ipsita, such examples abound and are seen in every corner. It is the true expression of our philosophy where our commitment has been toward one thing - to provide you with all you need for a complete life.

Architect Ms. Adwitha Suvarna
Collage Architecture Studio

We build homes just the way you'd build them.

We have a simple design principle. We imagine ourselves as the residents as we lay out the plan for each home. Which is why, when you walk into a Rohan home, you'll see that all the essentials of good living have been well-taken care of.

This principle of ours is at the core of the PLUS Homes philosophy. PLUS stands for Perfect Ventilation, Lively Light, Utmost Privacy and Smart Space – the essentials of good and healthy living.

Perfect ventilation

Fresh air is the soul of life. And so is natural ventilation the most crucial aspect of our designs. A well-ventilated home enjoys lower temperature owing to seamless air flow between the indoors and the outdoors. Regular air passage also prevents condensation and thereby avoids moulding and rotting of furniture. Good ventilation also ensures better health of the residents by controlling impurities like bacteria and dust, unpleasant odour and moisture content.

At a Rohan home, you'll find a cross - ventilation system with openings on opposite sides of every room. All round the clock, you can feel the cool wind breezing in through the open windows, air corridors and other architectural details, all specifically designed to bring in the great outdoors.

Lively light

A naturally lit home would keep not just its residents healthy, but also the planet. When your home is generously washed in friendly sunlight, you never have to switch on the lights during the day. That is to say, you'd be saving on electricity, day after day. Our engineers take special care in eliminating dark corners in the house. If natural light does not fall beyond 20 feet of the indoor space, an additional source of natural light is created.

Utmost privacy

Privacy is usually one of the primary compromises one has to make while living in an apartment complex. But not at a Rohan home. Through masterfully planned layouts, we create an exclusive world for you and your loved ones. The main entrance opens into a lobby and not the living room, so that an outsider doesn't get direct view to your house. The windows open to landscaped greenery or other open spaces and never to a neighbour's window. In terms of privacy within the home, doors of adjacent rooms are placed at a comfortable distance from each other.

Smart space

The common belief is that more space makes for a better home. A home-buyer pays for every square feet of space, but often it happens that certain pockets of space turn out to be purposeless. Fitting a piece of furniture into a square-shaped room or trying to make use of an unwanted corner are some of the challenges that thoughtless planning poses in our lives. But at a Rohan home, you'll find the finesse of engineering in every square inch of space. The interiors are well thought-through and functionally designed to induce a feeling of openness. So much so that every bit of space inside the home can be effectively put to use, with absolutely no wastage.

Master plan

Amenities

- Club house with
 - Multipurpose hall
 - Indoor games
 - Gymnasium
- Swimming pool and kids pool
- Pool deck
- Party lawn
- Net cricket
- Children's play area
- Guest room
- Video door phone and intercom for each home

Specification

Structure

- RCC structure

Paint

- Internal oil bound distemper

Flooring

- Vitrified tiles
- Ceramic tiles for terrace

— YEARS OF —

TRUST

Rohan Builders was founded in 1993 with an aim to build a healthier lifestyle for the city-dwellers and greater sustainability for the ecosystem. The years that followed saw the company making several firsts in the industry all directed towards achieving this single-minded goal. Over the years, Rohan Builders employed several architectural innovations and topography-inspired designs to create homes where nature and engineering found perfect harmony. Today, Rohan Builders has built itself a name as diligently as they've built homes. And this wouldn't have been possible without the customers, who joined hands in making the world a better place.

The Rohan Group

Great Living, Engineered.

Ever since the beginning, our vision has been clear: To better lives with our designs and innovations. In this endeavour, we've taken on challenges and found solutions to problems that had never before been answered. Along this journey, we've undertaken Real Estate, Industrial and Infrastructure projects that have now become a part of the nation's DNA.

With so much passion for what we do, it's no surprise that we rarely miss a deadline when it comes to our deliveries. With an experienced team of 1000+ professionals and landmarks that span the length and width of the country, we have our feet firmly on the ground, and our vision far ahead in the future.

Real Estate Development

- 50+ completed projects
- 11 million+ sqft. delivered
- 10000+ happy families
- 4.6 million+ sqft under construction
- 32%+ referral customers
- DA2+ Crisil rating
- 62 prestigious awards

Industrial Construction Milestones

- 56 repeat orders
- 69% multinational clients
- 15 million+ sq.ft. constructed
- 82.5 million safe man-hours in last 5 years
- 18 states covered 1 international project
- 21 awards for safety, construction mechanism and economy of construction
- 600+ strong team
- 85% on time completion

Infrastructure Development

- 17 completed projects
- 800+ kilometers
- 4 states
- 6 prestigious awards

Look what our customers built for us

Our customers inspire us. They build and fortify our reputation; their recognition of our commitment to excellence is only complemented by our recognition in the industry.
